TASTING NOTES

BRUTON BEAUTY

ORGANIC VINTAGE CHEDDAR

Our original cheddar and a firm favourite, the Bruton Beauty's signature smoothness puts it firmly at the heart of the cheese board.

This modern and moreish organic vintage cheddar is matured for up to 12 months, at which point we select the best cheese to be made into one of our legendary truckles.

The Bruton Beauty organic vintage cheddar is certified as organic by the Soil Association, made with pasteurised cows' milk, and is suitable for vegetarians.
